Ms. Marlene Dortch
Secretary
Federal Communications Commission
445 12th St., SW
Washington, DC 20554

Dear Ms. Dortch:

On March 16, 2004, Cheryl Crate, Vice President of Pegasus Communications and I, a consultant to the company, met with Barry Ohlson of the Commissioner Adelstein's Office and, subsequently, with Jennifer Manner of Commissioner Abernathy's office to discuss proposals to reduce public safety interference in the 800 MHz band. We discussed Pegasus's position that the Commission should not act on the matter in a way that adversely affects the value of the guard band licenses in the 700 MHz band.

Very truly yours,
